When you have employed a researcher....

Please make sure that you submit a **Declaration on the Conformity in the Participant Portal** as soon as possible after you have signed the contract – and please e-mail either Line or Henriette when you have submitted. Also, please forward the **CV** of the persons hired as soon as possible to Henriette, so that we can customize annual schools and other events in the best possible way.

First Annual BIBAFOODS School

The first Annual BIBAFOODS School takes place at University of Coimbra, Portugal, in connection with the second Supervisory Board meeting and the kick-off meeting with all project participants. Marité is in charge of getting the school organized, and is already working hard on this task.

7-8 January 2015: Kick-off meeting (ESRs, ERs, supervisors, board and committee members)
9 January 2015: Supervisory Board meeting (Supervisory Board members)
9-15 January 2015: BIBAFOODS Annual School (ESRs, ERs and appointed teachers)

A suggested budget for the annual school in Coimbra will be forwarded by e-mail to the Supervisory Board during September 2014 for approval.

Secondments to CR Competence AB

The mandatory secondments to CR Competence AB in Sweden for all ESRs and ERs are in the process of being planned (please see schedule next page), and also during September the budget for the secondments will be presented to the Supervisory Board. Anna Stenstam (anna@crcom.se) is in charge of organizing the secondments.

File sharing site

A Sharepoint site for BIBAFOODS has been set up. It is password protected and contains documents relevant for the administration of the project, logos, templates, calendar of BIBAFOODS events, possibilities for uploading documents to be used within the project etc. In order to join the site, you will need to send a mobile telephone number to Henriette as the initial password will be sent to you by SMS.

Best regards,

Jens Risbo (jri@food.ku.dk), Marité Cárdenas (marite.cardenas@mah.se), Line Lenskjold (line.lenskjold@adm.ku.dk) and Henriette Hansen (henha@food.ku.dk)

Further information about the secondments to CR Competence AB, Sweden

All BIBAFOODS ESRs and ERs need to participate in the secondments to CR Competence AB according to the Grant Agreement for BIBAFOODS between the consortium and the EU. The purpose of the secondments is to provide hands-on experience in contract research, and they last 3 days.

CR Competence AB perform contract research for a wide variety of industries within Europe and during the secondments each researcher will have the opportunity to confront real industrial challenges and participate in their solution by integrating with the team of CR Competence AB. This training is of high importance as the ESRs and ERs will encounter real industrial concerns and learn to address them by teamwork with interdisciplinary competences.

Housing: The participants in the secondments are expected to book hotels on their own. The town of Lund is not cheap when it comes to housing, so better check the net in good time. We suggest Elite Hotel Ideon (closer to CRC), StayAt Lund (a bit further to CRC, but closer to city center).

Below a schedule has been set up for secondments. Please confirm to Anna Stenstam (anna@crcom.se) that your ESR/ER will take part. Supervisory Board members will soon get an email from Henriette about the costs of these secondments.

Group	ER/ESR	OK?
